To win a coveted EAGLE Letter, individual must play in an established number of "quarters" and must possess all the qualities of a fine athlete.

EAGLE LETTERMEN have high standards of SPORTSMANSHIP. Basketball officials of the 1964-65 season give our team an excellent rating in "attitude." We are indeed proud of this year's lettermen.

The community's first school building

It is the purpose of the following pages to give as complete and as accurate coverage of McCune Rural High School as possible. 1966 marks the beginning of a new chapter in our school's history. McCune has now joined other nearby schools to become Unified District 247. Were it not for the alumni and many friends of this school as book such as this would not have been possible--it is to you this book is dedicated.

Our present plant

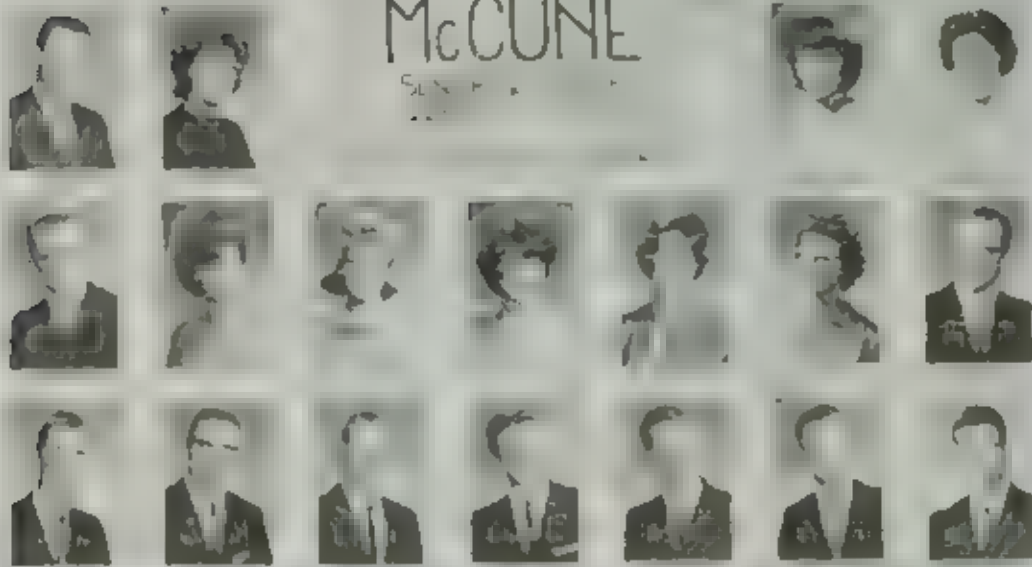

Many special thanks goes to Mr. Russell J. Pile now of Muncie, Kansas, who contributed \$123.00 towards the publication of this section of our book. Mr. Pile was a member of the Class of '43.

The following information was taken from **SOUVENIR OF McCUNE, KANS.** published by the **McCUNE HERALD** in 1913 and from the **HISTORY OF KANSAS, CRAWFORD COUNTY** (publication date 1883).

"McCune is located in the southwest portion of Crawford County on the dividing line between Lightning Creek and the Neosho River and is surrounded by an excellent farming country as well as the well kept fields and good appearing live stock." from the **SOUVENIR**.

The land on which most of the town is built was entered by Leroy Adams in 1869 and the farm was soon sold to Issac McCune who was engaged in farming. He farmed the land prior to its becoming a town site. In May of 1879 McCune laid out the town and named it after himself. The original site contained 60 acres. Within a few years R. N. Canada added 10 acres on the North, C. Crank, 10 acres on the west and McCune an additional 10 acres on the south. The town site now totaled 90 acres.

The town was surveyed following the construction of what is now the Cherryvale Branch of the Frisco railroad (1913). The railroad was built by a group of Cherokee and Parsons men, most of the money was furnished by the late Col. Matheisson of Parsons. When the road was built it was a narrow guage, but in a few years it was changed to a standard guage.

The first building was built by J. Z. Spenfick and was later used as a hotel. I. V. McCune built the first store building in August after the town was plotted in May. The building was of native walnut and was built on Front Street (in 1913 the Herald Office was near the site of this building). J. D. Rogers occupied the building.

Early in 1880 a storehouse was built by Thomas Stuttered and it sold drugs and dry goods. Two months later Dr. E. P. Davis bought the store. In the spring of the same year W. W. Gibson opened a general store and in the fall F. M. McCashin put up a house which he stocked with general merchandise. Wilson and Son occupied the building in 1913. The next building was a grocery store owned by Davidson and Granthum.

Miss Mary Ball taught the first school in the district in 1869. The first school in McCune was taught by Daniel Hollinger and was a small frame building. An addition was added in 1881.

A petition to the District Court of the 11th Judicial District signed by Issac McCune, E. L. Ball, and 63 others incorporated the town of McCune as a 3rd class city on October 8, 1881. Issac McCune was elected the first mayor and was succeeded by J. L. Ward, who was elected in April of 1882. I. V. McCune, R. O. Harris, M. Casey and K. P. Minard served as the first city council.

Within four years time the city had a population of 500 and contained 8 general stores, 3 hardware stores, 2 drug stores, 2 grocery stores, 2 millinery shops, 2 hotels, 1 billiard hall, 2 blacksmith shops, 1 cabinet shop, 3 carpenter shops, 2 lumber yard, 2 coal yards, 2 livery stables, 1 flour mill, 1 grain elevator and 9 grain buyers.

D. A. Burton started the first newspaper, the **McCUNE STANDARD**, in July of 1881. His son, J. A., took over the following fall and then he sold the paper to W. W. Liggett who changed the name to **McCUNE TIMES**.

A post office called "Tim" was established in the vicinity in 1875 and was kept by W. Welch. The post office was about 1 1/2 mile east of the town. In 1878 the post office site was moved to McCune and J. F. McCune became postmaster. At that time the post office consisted of a small box containing 15 pigeon holes and was carried around under Mr. McCune's arm.

By 1879 the Presbyterian Church had a membership of seven. Rev. Hill of Kansas City held services at the school house and Rev. Thayer was the first regular pastor. The Methodist Episcopal Church was organized in 1882, followed by the organization of the Christian Church. The Presbyterians, and Baptists did not have a house of worship.
